Are you referring to changing a polling place rather than precinct lines?

The requirements of O.C.G.A. 21-2-265 specify the requirements for a polling place change.

O.C.G.A. 21-2-260 and following reference requirements for precinct changes.

Subject: Relocating a Voting Precinct Timeline

Chris,

I need to relocate one of our voting precincts to a new location....NO Boundary Changes, just a relocation of the voting precinct.

Do I have time to do this before November's Special Election. I know I need to publish my notice 2 weeks in the legal section before the change. Just making sure I'm meeting the deadlines.

I'm going to publish the notice this week and next week, then have my meeting on September 11th to vote on the changes..
